internal and external evidence that as the campaign approaches the president has become more mindful of political ble of the need of uniting his party. This message, according to the testimony entitled to the highest acceptance, is intended to be not a legislative program but a party promise. It is the plan and specification of an architect who has an understanding with the men who will build the platform at Chicago.

No longer does one hear from the white house that the president will call an extra session if the measures he desires are not enacted; on the contrary, one hears there is little prospect that these things will be done; that the president himself does not expect them to be done, but that the party will pledge itself to do them at the next session and that the president has been placarded by this assurance.

Of the six items in this message at least three are virtually accomplished. The Aldrich bill is a certainty, as much may be said of an employers' liability measure, while the decision to instruct the Ways and Means committee to begin an investigation of the tariff schedules was reached long in favor of that proceeding.

Nevertheless, the president includes these things in his legislative program. It is as if one, tipped by Providence, anticipated the decrees of fate and listed them as his own accom-

# BILL PROVIDES FOR RENTAL OF GROUNDS

Terms of Measure Include \$140 And nual Payment-Murray Offers More-Other Legislation.

Guthrie, Ok., March 25 .- This was the 100th day of the legislative session, leaving sixty more days of the time allotted to the first legislature by the constitution, and for which the members may draw pay.

The house was in session for brief time this morning before going into caucus upon the matter of public building locations. It had under consideration the bill by Mr. Jones of Oklahoma City proposing to rent to Oklahoma City a quarter section of school land adjacent to that city for a state fair grounds, for a term of ten years at \$140 per year to an offer to the house to pay the state \$325 per year for the same land for a period of ten years, and with this pending, the house adjourned.

primary election bill by Senator Davis. A general election law will be proposed in a separate measure. The senate has been in caucus upon the bill, and has agreed, it is said, to report favorably the clause" as applied to the qualifications of voters. Tonight it is considering the payment of a poll tax as requisite to exercising, the right of suffrage, to which there appears some opposition.

The primary bill by Senator Davis, in addition to providing for mandatory primary election of candidates by all political parties, requires a sworn statement by candidates of moneys spent in the election and limits the amounts which may be spent according to the office sought. ### INO. RINARD WRITES.

The Able Chairman of the Board County Commissioners Replies to Unfair Attack of Francis Wigwam.

There appeared in a recent issue of he Francis Wigwam an article which severely criticised my official actions regard to the suspension of the Okiahoma Herd Law in Francis Musicipal township. Thinking that the criticism is undeserved and that the statements of the Wigwam are gross misrepresentations of the fact I desive to give to the public a true hismany of this transaction.

A recent law enacted by the legislahere authorized the county commismoners of counties where the Oklaho-Herd Law was not in force to diwide their counties into convenient stock districts to contain not less than seventy-two nor more than one buildred and forty-four square miles. The same law also authorized the commissioners to suspend the Oklahoma Herd Law in these stock districts when petitioned to do so by a majority of the legal voters of said districts

aw the board of county commissioners of Pontotoc county have divided the county into eight stock districts and have suspended the Oklahoma merd law in each of these districts that have presented petitions as required by law.

There has never been but one petitiou presented from Francis in regard to the Herd Law and it was presented before the county was divided stock districts and asked that an election be called at which the voters of Francis municipal township er or not stock could be restrained from running at large.

This petition was not granted for true and misrepresenting. Ordinarily, I would not reply to such newspaper attack as made by the Francis paper and I am sure that the Francis public who read that paper does not approve of their editor publishing contemptuous and insulting expressions directed at a counofficial on account of an alleged unfortunate that in the one place grong committed, when there is noth- solely dependent upon congress for its

Senate Acts Regarding Bill Introduced by Stewart-Chickasha Is Seeking Its Location.

Guthrie, Ok., March 24.-The senate recommended for passage the bill by Senator Stewart creating an industrial school for white girls. Location of the school under terms of state institutions. Opposition came from Senator Taylor who wanted it deferred until after April 1 to which time the senate had agreed that the public building matters should go. He was then in favor of making it a part of the A. and M. college and locating it in the southern part of the state. When asked if Chickasha wanted the school the senator replied in the affirmative and volunteered that the "Queen of the Washita" would donate the ground, erect the building, and throw in a 200-acre farm for agricultural work.

INO. RINARD WRITES.

#### The Able Chairman of the Board of County Commissioners Replies to Unfair Attack of Francis Wigwam.

There appeared in a recent issue of the Francis Wigwam an article which meverely criticised my official actions a regard to the suspension of the Mishoma Herd Law in Francis Muzicipal township. Thinking that the writicism is undeserved and that the statements of the Wigwam are gross makerepresentations of the fact I desize to give to the public a true hismay of this transaction.

A recent law enacted by the legisla-Mare authorized the county commiswas Herd Law was not in force to diwide their counties into convenient stock districts to contain not less than seventy-two nor more than one hundred and forty-four square miles. RECOMMEND INDUSTRIAL SCHOOL

Senate Acts Regarding Bill Introduc ed by Stewart-Chickasha Is Seeking Its Lucation. Guthrie, Ok., March 24.-The sen

ate recommended for passage the bill by Senator Stewart creating an in dustrial school for white girls. Location of the school under terms of the bill is to be made as are other state institutions. Opposition came from Senator Taylor who wanted it deferred until after April 1 to which time the senate had agreed that the public building matters should go. He was then in favor of making it a part of the A. and M. college and locating it in the southern part of the state. When asked if Chickasha wanted the school the senator replied in the affirmative and volunteered that the 'Queen of the Washita" would conate the ground, erect the building, and throw in a 200-acre farm for agri-

Senator Stewart said there were other towns which might make simithat under his cath, a member of the legislature could hardly vote for a town which came with donations in order to get an institution.

Senator, Matthews called to the sen ator's attention that the legislature had spent 100 days creating offices, and this was a movement to begin the creation of institutions. The people he said, were ready to revolt over the offices already created.

"There is no need for this bill. W have educational institutions where the domestic sciences and industrial arts are taught the girls," he said, "and if this school is created, it will become nothing more than a local high school for some particular town. We

#### INO. RINARD WRITES

The Able Chairman of the Board of County Commissioners Replies to Unfair Attack of Francis Wigwam.

There appeared in a recent issue of the Francis Wigwam an article which severely criticised my official actions megard to the suspension of the Miaboma Herd Law in Francis Muminipal township. Thinking that the existeism is undeserved and that the atakements of the Wigwam are gross misrepresentations of the fact I desire to give to the public a true hisbury of this transaction.

A recent law enacted by the legisla dere authorized the county commis-Moners of counties where the Oklaho Herd Law was not in force to di side their countles into convenien stock districts to contain not less than seventy-two nor more than one bendred and forty-four square miles The same law also authorized sounty commissioners to suspend the Skiahoma Herd Law in these stock Metricts when netitioned to do so by a majority of the legal voters of said districts.

he the board of county commissioners of Pontotoc county have divided the county into eight stock districts and have suspended the Oklahoma aerd law in each of these districts that have presented petitions as required by law.

There has never been but one petitiou presented from Francis in regard to the Herd Law and it was presented before the county was divided Sata stock districts and asked that an public recognition as worthy and deelection be called at which the voters of Francis municipal township could vote on the question of whether or not stock could be restrained Grom cumming at large.

This petition was not granted for the reason that Francis township did wer contain sufficient territory to zue and misrepresenting. I am only ered by him for the Eagle lodge one of the three county commissioners, and being chairman, am not allowed wate except where there is a tie suite, consequently the other two mem bers of the board could pass any measure that they chose to pass. In the discharge of my official duty I have been as fair to the citizens of Francis township as I have been to me efficens of any other part of the monety and the fact that they did or and not support me when I was a sandidate has not had nor will not mave a particle of influence in any ziticial transaction that I may have with them and a petition from there will have the same careful considerattou as a similar petition from any star part of the county. It is my intention to do all in my power to promake the interest of Pontotoc county lowering the high ideals of life. and give every body a square deal and in doing this I believe I will fully dis-Thurge my duty as a public officer.

Ordinarily, I would not reply to pation. men newspaper attack as made by Whe Francis paper and I am sure Shat the Francis public who read that paper does not approve of their editor sublishing contemptuous and insult ing expressions directed at a coun by official on account of an alleged wrong committed, when there is nothing in the article to substantiate that legislation there should be no law

any wrong done the people of that district. I assume that the editor of the Francis Wigwam in the consideration of public sentiment will follow the usual custom practiced by ethical ery protection and one method of pro-newspaper men who propose to deal tecting them would be to put upon the fairly with their patrons and will give free list wood pulp, with a corresthe same publicity to this article of explanation of my position before the from wood pulp, when they come from people of the Francis district as did he to the unfair article of his own inspiration against my official integrity. Respectfully, JNO. D. RINARD,

Member Board of Co. Com.

#### Truth Vindicated.

Since the organization of the Eagle Lodge in Ada some of the preachers of the city together with the writer have tried to make it plain what kind Proceeding in accordance with this of institution this is and its reputation at other places. Every institution must stand or fall upon the record it has made and is making. That there are some good principles in the ritua of the Eagles no one will dispute but what is its reputation over the coun-Does it stand for righteousness

> This must be true as it was used as evidence in court and the attorneys for the defense made great capital of it in clearing Mr Lancaster of the charge made against him.

At any rate it is up to the Eagle lodge to disprove the statement

These things added to the unsavor happenings on the night of organization here and the many reports from over the country that the Eagles lodge is a kind of "social saloon" will not help the lodge in the minds of good men.

I will heartfly endorse any institu tion that comes to my town and with a pure motive strives to make better its citizens, but I am first and last against every institution that looks to the tearing down of character and

Sheriff Smith left this afternoon for Tecumseh to take charge of the prisoner.

#### Election Saturday.

Now do not forget to vote. We are o decide by ballot whether Ada is to be a city of the first class, and we were given this opportunity only by presenting to the governor a petition of 35 per cent of the voters of the city. It would not look good if we did not poll the full vote on Saturday Every one wants Ada to become a city of the first class and no one should refuse or fail to vote. Besides Mr Voter each of us who went into the late primary pledged to support its nominees and it behooves ev ery citizen to make good that pledge. Do not for get. Do not forget.

RECOMMEND INDUSTRIAL SCHOOL

Senate Acts Regarding Bill Introduc ed by Stewart-Chickasha Is Seeking Its Location.

Guthrie, Ok., March 24.—The sen recommended for passage the bill by Senator Stewart creating an industrial school for white girls. Location of the school under terms of the bill is to be made as are other state institutions. Opposition came from Senator Taylor who wanted it deferred until after April 1 to which time the senate had agreed that the public building matters should go. He was then in favor of making it a part of the A. and M. college and locating it in the southern part of the state. When asked if Chickasha wanted the school the senator replied in the affirmative and volunteered that the "Queen of the Washita" would donate the ground, erect the building, and throw in a 200-acre farm for agri-

Senator Stewart said there were other towns which might make simiin the tariff could with advantage be lar offers, but admitted when asked that under his cath, a member of the legislature could hardly vote for a town which came with donations in has.' order to get an institution.

Senator, Matthews called to the sen ator's attention that the legislature it was favorably recommended. had spent 100 days creating offices and this was a movement to begin the creation of institutions. The people he said, were ready to revolt over the offices already created.

"There is no need for this bill. We have educational institutions where the domestic sciences and industrial arts are taught the girls." he said. and if this school is created, it will become nothing more than a local high school for some particular town. We
